Helbiz Launches Fleet of E-Bikes and E-Scooters in Miami Lakes, FL

December 7, 2021

Micro-mobility options to help reduce the concerns of traffic congestion in local community

MIAMI LAKES, Fla.--(BUSINESS WIRE)--Dec. 7, 2021-- [Helbiz Inc.](#) (NASDAQ: HLBZ), a global leader in micro-mobility and the first in its industry to be publicly listed on Nasdaq, today announced that it will deploy a fleet of innovative e-scooters and e-bikes in Miami Lakes after securing a 1-year permit.

"We are thrilled to bring our sustainable e-scooters and e-bikes to Miami Lakes, a city that is working to implement environmentally sustainable and affordable transportation strategies," said **Gian Luca Spriano, Director of International Business Development** at Helbiz. "Our electric vehicles will provide the community with alternative modes of transportation to help reduce the concerns of traffic congestion among residents and businesses in Miami Lakes."

"The Town of Miami Lakes is looking forward to welcoming Helbiz as part of our Dockless Mobility Pilot Program 2021," stated the Communications Department of Miami Lakes. "The project calls out for the integration of multiple types of devices to explore demand through our municipality. Our top priority by implementing such a program has been bringing the highest standards of safety measures. We are excited to look forward to the results of our program and to receiving the feedback from our community. For more information, you can contact Clarisell De Cardenas, Public Information Officer, at 305-364-6100 ext. 1132."

To demonstrate its commitment to the safe adoption of micro-mobility solutions, Helbiz kicked off the launch of its vehicles in Miami Lakes by hosting a safety event for the local community this past weekend. The company plans to continue community engagement initiatives across Miami Lakes throughout the duration of its permit. This will also include the implementation of a local Helbiz Apprenticeship Program to provide career pathway opportunities in the high-demand micro-mobility industry, and discounted rides for low-income residents through the Helbiz Access Program.

Helbiz will employ a local team to run its operations on the ground, ensuring its fleet is charged, repaired and well-maintained. The nearest operations team member will be alerted if a device needs maintenance or has a low battery. As part of the company's ongoing safety guidelines, each device will also be cleaned and disinfected regularly.

Users can download the Helbiz mobile app on iOS and Android to instantly geolocate, rent and unlock e-scooters for a flat fee of \$1, followed by a \$0.35 charge per minute of riding time. Helbiz also offers a subscription plan for \$39.99 per month up to 30-minute per day. All pricing options are displayed to customers as soon as the Helbiz App is installed and open.

About Helbiz

Helbiz is a global leader in micro-mobility services. Launched in 2015 and headquartered in New York City, the company offers a diverse fleet of vehicles including e-scooters, e-bicycles and e-mopeds all on one convenient, user-friendly platform with over 40 licenses in cities around the world. Helbiz utilizes a customized, proprietary fleet management technology, artificial intelligence and environmental mapping to optimize operations and business sustainability. Helbiz is expanding its urban lifestyle products and services to include live streaming services, food delivery, financial services and more, all accessible within its mobile app. For additional information, please visit www.helbiz.com.

Forward-Looking Statements

Certain statements made in this press release are "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "anticipate", "believe", "expect", "estimate", "plan", "outlook", and "project" and other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements reflect the current analysis of existing information and are subject to various risks and uncertainties. As a result, caution must be exercised in relying on forward-looking statements. Due to known and unknown risks, actual results may differ materially from the Company's expectations or projections. The following factors, among others, could cause actual results to differ materially from those described in these forward-looking statements: (i) the failure to meet projected development and production targets; (ii) changes in applicable laws or regulations; (iii) the effect of the COVID-19 pandemic on the Company and its current or intended markets; and (iv) other risks and uncertainties described herein, as well as those risks and uncertainties discussed from time to time in other reports and other public filings with the Securities and Exchange Commission (the "SEC") by the Company. Additional information concerning these and other factors that may impact the Company's expectations and projections can be found in its periodic filings with the SEC, including its Annual Report on Form 10-K for the fiscal year ended December 31, 2020 and amended on May 21, 2021, the quarterly reports and Prospectus subsequently filed. The Company's SEC filings are available publicly on the SEC's website at www.sec.gov. Any forward-looking statement made by us in this press release is based only on information currently available to Helbiz and speaks only as of the date on which it is made. Helbiz undertakes no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise, except as required by law.
