Forward-Looking Statements

This Current Report on Form 8-K includes “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. GreenVision and Helbiz’s actual results may differ from their expectations, estimates and projections and consequently, you should not rely on these forward-looking statements as predictions of future events. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expected results. Most of these factors are outside GreenVision’s and Helbiz’s control and are difficult to predict. Factors that may cause such differences include, but are not limited to: (1) the occurrence of any event, change or other circumstances that could give rise to the termination of the Merger Agreement or could otherwise cause the Business Combination to fail to close; (2) the outcome of any legal proceedings that may be instituted against GreenVision or Helbiz following the announcement of the Merger Agreement and the Business Combination; (3) the inability to complete the Business Combination, including due to failure to obtain approval of the stockholders of GreenVision or other conditions to closing in the Merger Agreement; (4) the receipt of an unsolicited offer from another party for an alternative business transaction that could interfere with the Business Combination; (5) the inability to obtain the listing of the common stock of the post-acquisition company on the Nasdaq Stock Market or any alternative national securities exchange following the Business Combination; (6) the risk that the announcement and consummation of the Business Combination disrupts current plans and operations; (7) the ability to recognize the anticipated benefits of the Business Combination, which may be affected by, among other things, competition, the ability of the combined company to grow and manage growth profitably and retain its key employees; (8) costs related to the Business Combination; (9) changes in applicable laws or regulations; (10) the possibility that Helbiz may be adversely affected by other economic, business, and/or competitive factors; (11) the impact of COVID-19 on the combined company’s business; and (12) other risks and uncertainties indicated from time to time in the proxy statement to be filed relating to the Business Combination, including those under “Risk Factors” therein, and in GreenVision’s other filings with the SEC. Some of these risks and uncertainties may in the future be amplified by the COVID-19 outbreak and there may be additional risks that GreenVision considers immaterial or which are unknown. GreenVision cautions that the foregoing list of factors is not exclusive. GreenVision cautions readers not to place undue reliance upon any forward-looking statements, which speak only as of the date made. HELBIZ

Micro-Mobility Leader, Helbiz, Launches E-Scooters in Reggio Emilia, Italy

A total of 300 e-scooters will be deployed

Follows successful launches of fleets across 25 Italian cities

Reggio Emilia, July 26, 2021 - Helbiz, a global leader in micro-mobility that is the business combination target of GreenVision Acquisition Corp. (Nasdaq: GRNV), today announced that it has partnered with Telepass to launch a fleet of 300 safe and innovative electric scooters throughout the inner city and surrounding areas of Reggio Emilia. This supports Helbiz's continued expansion efforts across Italy, now offering its services across 25 cities.

"As the city with the most cycle paths in Italy, Reggio Emilia is the ideal market for our sustainable e-scooters," said **Matteo Tanzilli, Head of Institutional Relations at Helbiz**. "We are thrilled to expand our operations throughout the Emilia Romagna region and look forward to generating new jobs across Italy to support the post-pandemic revival."

Helbiz has opened a Reggio Emilia-based office and warehouse to run its operations on-the-ground, employing a full-time team to ensure its fleet is charged, repaired and well-maintained. As part of the company's ongoing safety guidelines, each device is cleaned and disinfected multiple times a day.

Users can download the Helbiz or TelepassPay mobile apps on iOS and Android to instantly geolocate, rent and unlock e-scooters directly from their smartphones with just a tap. The rate to rent an e-scooter is €1 for the initial unlock + €0.20 per minute. With a Helbiz UNLIMITED subscription, users can take an unlimited number of daily trips for a flat rate of €39.99 per month. Helbiz has also implemented special parking areas throughout the city of Reggio Emilia.

"Shared scooters provide a sustainable transportation option for citizens to go from place to place," said **Mobility Commissioner Carlotta Bonvicini**. "We are nothing short of pleased to implement this new micro-mobility offering. It is agile in the urban fabric, has a minimal environmental impact, and abides by the policies of the municipal administration. Similarly to the city's cycling policies, the municipal administration has the duty to promote this new type of mobility, while educating and communicating its rules of use."

Helbiz currently has over 1,500 electric scooters, electric bicycles and MiMoto electric mopeds throughout the Emilia Romagna region, including the cities of Parma, Ravenna, Cesena, Rimini and Santarcangelo di Romagna.
